

Policies and Procedures

Function:	Practice:
Subject: Patient Access to Mental Health and Substance Abuse Care	Date Issued: Page: 1 of 1

Policy

(Practice Name) will provide referrals within the community for patients requiring mental health and substance abuse care.

Procedure

When needed or requested, the care team at (Practice Name) will provide all patients/legal guardians with a referral to mental health facilities and substance abuse care with-in the community. A list of qualified providers and facilities are kept in the front desk binder and updated as changes occur.

The patient is assessed by appropriate mid-level practitioner or physician to determine the need for support/care.
